Katmande, Hyderabad, and Baroda, and Baroda they have lately suffered without cause. Globe.

be much smaller than is anticipated.

The persecution which has raged in Anhwei. Szechuen, and Fokbien, resulting in some barbarous strocities and considerable oss of life and property, can no longer be winked at. The attention of the high officials has been drawn to the matter in a forciblo manper, and one of the leaders of the recent massacre at Ning kuch has been arrested awaits examination and triel. This man, Nanking, and endeavour to enlist the Vice-

roy's support in his undertaking to suppress under the 22nd section Brd paragraph. the Christians. But he made a great mistake, appeared from the affidevite that work fled SHEN very properly replied, in a notice which was posted on the yamen doors, that if the and under these circumstances the Court had Christians of Ning-kuch had been guilty of power to make the order. wrong doing, it was right that they should be whether the proceeds of the sale would rever accused before the tribunals, that they might to the Vice-Admiralty or the Colonial Governbe properly tried. It was not for Ho-Kiu to ment. The Queon's Advocate mentioned that put himself at the head of a band of ruffians, were also convicted of a felony under the local to burn churches and kill people. He was law having been found in possession of pirated accordingly placed in durance vile, where he goods under Ordinance 1 of 1868 section t can meditate on his probable fate. Two possession of goods which have been proclamations have been issued, one by the pirated, and without legal crouse, is guilty of a Vicercy Shen, and the other by Fenc, Taotai of Sooukong and Soochow, on the subject. being in possession of these pirited goods. Both exonerate the Christians from the and at the same time of the felony of the charges of tail-cutting, &c., made against the Court because it was an important case, there them, by their encinies, and fix the guilt upon not having been any case of the same kind before, the White Lily Sect, by whose agency, it as far as he knew, and it would form a procedent.

would seem, the persecution has mainly been These were matters for his Honour's consiaroused. The people are exhorted not to deration, which he thought it right to menlisten to any more such tales, and to leave the of forfeiture was applished in England under Christians in peace. "All Christians," says 33 and 34 Vic. cap. 23, but that act has FENG, " who are within my jurisdiction, have. for a length of time, lived quietly, and I never heard of their violating the law or committing He referred his Honour to the cases of the acts of sorcery." It therefore, he continues,

behaves the Government to give them protection: and by no means must suspicion be cast upon them, nor false reports be raised and disturbances created about them." Unfortunately these judicious injunctions come after the event; the mischief has been done, and all the produmations that could be strung together would fail to bring back the hapless victims of blind fanaticism and unreasoning hate. Justice yet remains to be done on the perpetrators of these foul murders. It is to be hoped that the Authorities

will not hesitate to inflict condigu punish-Orders for Copies may be sent to the Daily | capture the miscreants who are yet at liberty. Catholics have got an impression, first derived doubtless from the apathy shown by their Government over the Massacre of Tientsin, that the officials are secretly, if not openly

SUPREME COURT September 21st. IN ADMIRALTY.

BEFORE MR. JUSTICE SNOWDEN.

IN THE MATTER OF A PIRATICAL JUNK NAMED THE "WYG WO LUNG." The Acting Queen's May cate (Mr. Russell moved the court for a decree for the appraisement and cale of the pirate junk Sing Wo Lung. and lodged in prison at Nanking, where he taken in this harbour on the 26th day of Jul last from the enerody of four pirsons convicted and sentenced on the 28th August last of piracy named Ho-kiv, had the hardihood, our at Common Law. The junk was arrested by Shanghai contemporary states, to go to the Marshal under the 23rd section of the rules and regulations of the Vice Admiralty Court in Hongkong. The present motion was made Court that it would be for the benefit of al parties that the junk and goods should be sold

> The point was incidentally raised as the parties who were convicted of the piracy where it states that any party found in follony. The owner of the junk now in question was convicted accordingly of felony for pirany. He only brought this to the notice of There were two felonies ny the same person. tion. He might also mention that the law not been extended to this Colony, so that the law is still in force here and the

goods forfeited immediately on conviction. Panda and Helen. His Honour thanked the learned advocate or bringing this matter to the notice of the lourt, but said he would give no decision at resent on the question of ownership. The degree prayed for was ordered to issue. POLICE INTELLIGENCE

21st September. BEFORE THE HON. U. MAY DESTITUTE.

Cheung Ahan, a coolie, was charged with P.C. 595, said be found the defendant sleeping under the verandah of the Man-mo Temple. The defendant said he was destitute, but had ment on those offenders who have fallen into been a street coolie, but getting no work he their hands or to put forth every effort to became sick. He cannot go to his native place because the authorities want to apprehend him on suspicion of being concerned with his brother The ringleaders in these onslaughts on the in the commission of a burglary, but he was innocent. He had been two years in the Colony The defendant was discharged and supplied with 25 cents from the poor box.

Kwan Atim, a brickluyer, summoned Franaco Pereira Marques, watchman at the ne disposed to countenance this persecu- sugar refinery, for assaulting and beating him. tion. The sooner the Chinese Government The complainant made use of abusive language to the defenddant, it appears, because he turned out his friend from the works.

The defendant was fixed 25 cents. A CHALLENGE. George Craig, ship's steward, unemployed, summoned George Dennison, late second officer matter, making it apparent to the most of the American ship Alexander McNeil, for bigoted and prejudiced minds that in feture wickedly, wilfully, and maliciously writing to the complainant a certain letter and paper conno persecution of the Christians will be taining a challenge to fight a duel of hand

The following is the letter :-" Hongkong, September 20th. "I do hereby challenge you, George Uraig, to on, but positively sanctioned some of the fight you, any way you please, at four o'clock this evening, away from nolicemen and interference GRORGE DENNISON.

sion, and his case was to come on to morrow. - LARCENY-OF-JEWELLERY-The remanded case, in which Ohan Ami, an amab, was charged by her mistress Lee Asce. with robbing her of jewellery to the amount of vith the property, came on ugain. It uppears the prosecutrix was invited to visit

question, and she went, taking the prisoner. with her. A small girl, the daughter of the prosecutrix, was left in the bouse. The prisoner returned at 7 Pm., and went away again very suspicionaly. The little girl seeing this went and told her mother, when it was discovered that a box containing the jewellery was miss. ing; the defeudant never came back, and was never seen again till arrested a few days ago.

At the time the prosecutiix made a report to Inspector Grey of the facts. -A great amount of evidence was taken, and the defendant denied the charge, and said she was discharged by her/mistress as lazy, and she The prisoner was committed for trial at the

Criminal Sessions. CHARGE OF PERJURY.

P. C. Westron summoned Chinese constable No. 220 for perjury and giving wilful false The case was remainded until to morrow.

The COLONIAL SECRETARY seconded, and the resolution was adopted unanimously. THE MAIL STEAMERS AND CHINESE

Passengers. The GOVERNOR-The only other business before the Council is that I wish to answer a question which was been put by an hon, member to know whether any answer has been received from the Secretary of State with respect to the suggestion made on the 26th of April last, to add a clause to the Bill relating to Chinese steamers. I have only to state that no reply The Council then adjourned sine die.

NAGASAKI.

The Cosmopolitan Press of the 6th inst. says the recent dispute between the Mitsu Bish S. S. Co. and the combination of Chinese guilds has bappily terminated. The China Merchant's Co.'s steamer Howsang will consequently not return to Japan. The origin and circumstances of the disagreement reflect little credit on the Chinese. They have broken faith, repudiated their pledged word, and in a most treacherous manner combined to fleece a spirited and onergetic company. This is but another illustration of what foreigners may expect from the Celestial race.

The heat in Nagasaki for some time past has

been very intense, and naval officers recently

arrived frem China state that in no part of the

Celestial Empire which they visited did they

find it so depressing. H.B.M.'s surveying ship Sylvia sailed on the 6th inst., to continue the survey of the Corean coast. The gunboat Swinger was expected to leave about the 9th, to assist in the operations. The annual coremonies in connection with the Mutauri festival were commenced on the night of the 31st alt. and brought to a onnclusion at an early hour on Sunday, the 3rd inst. The preparations of the natives to make this un exceptional occasion for a special display were very successful, and the view from the river of the surrounding hills, each with its illuminated graveyard was most impressive. An immense number of straw boats were set on fire and launched, which gave the river a

The Rising Sun says, large gangs of men are daily employed at the works in connection with the new dock, on the opposite side of the river. Although great progress has been made, it will take several years to complete the undertaking when finished it will be a great acquisition to repaying the outlay.

THE CAPTIVE MAIDEN. The Emperor Chien-lung had a Kashgar maiden sent to him whom he loved very cubine. Lest she should too deeply mourn her distant home, he had a tower built in the palace, called Wang chia-lou (Behold bome tow.r). Immediately facing it, and But, after all, the system of lady helps is a separated from it only by the palace wall and a road, be caused to be built the facsimile, of her Kashgar home, in which he allowed the retainers who accompanied her to dwell, so that the girl could constantly try to find employment in some sphere where have the prospect of her distant home before their culture and accomplishments would ber and eren converso with her country- be of value, intend of being unproductive. women when she felt disposed. One can There is still plenty of raw material to sourcely imagine a mora delicate and touching supply more than all the servants wanted for way of showing the love he telt for the Kashgar-girl-than-Chien-lung exhibited. though it is probable, as the song would imply, that it had an effect quite the reverse of what he intended : serving only to make her gorgeous imprisonment all the more intolerable by perpetually reminding her of that home she was never destined to behold egain.

Tis very like my home. Yes, I can see-As like as art can make them-facing me. The halustrade, the gate, the massive wall, The great pavilion, too, o'ertopping all. Within those courtyards I can now and then Catch glimpses of some old familiar (acc-A wife or dayletter of those Kashgar mon. Wearing the costume of my native place.

Tis very like my home But, oh! I miss Chat other home the more I look on this: I miss loved forms that made my home so dear. Those who made home a real home sprear. I do not see my kindred, and I feel The loss of them, the ernol blank they leave I gaze and try to picture this as real: Alas! the more I gaze the more I grieva

"Tis very like my home. From youder tower, Breaking the stillness of the twili ht hour. In the soft accents of my native longue. I hear the balleds of my country sand. Hut that is all, there the resemblance ende That only makes me grieve and erave for more I long for other voices, those of friends : Twonld then be like the home I had before.

Tis very like my home. But yet its walls Too oft and much my other home recalls; Filling my breast with many a vain regret With recollections I would fain forget: Twee boilt in kindness, yet 'tis mockery. It makes me pine, when he would have me gar Why do I look? Oh! that my home should be So very mear, and yet so far away?

CHANCERY LANE. Chancery-lane first acquir, d its ontinously legal name in the reign of Richard Cour de Lion. Heretofore it had been called "Newstreet;" but it speedily fell into legal ways and in the time of Edward I, had become so foul and miry that it had to be blocked up against wheeled vehicles for fear of accidents. From the thirteenth, to this the eighth decade of the nineteenth century, Chanceryan intricate and seemingly interminable suit in Chancery. Some alteration or another bas been continually going, on, but it has never been properly finished. New " motions," or buildings, have innumerable times

course demolished and replaced by others Yorkist as in Tudor, in Stuart as in Ge: rgian gestions as to how the housework may be days, there has been rarely lacking a cry that | carried on by the grown-up daught re. It Chancery lane must be made wider; and yet is of course assumed that the young people Chancery-lane at this instant seems all too are willing to become "helps," and in fiction narrow for the pedestrians and the carriages | it is easy to supply the required number of journeying between Fleet-street and Holborn, daughters, all made according to the correct

chambers. The Fleet-street entrance to smuts. They have no false shame about Chancery lane is now flanked by goodly opening the hall-door to visitors, and do not buildings which are architecturally all that complainant like one lady help of whom we can be desired, and at the Holborn extremity have lately heard, who declared that her works of an important structural character nerves were not equal to such an ordeal. of the road as will render it possible for two up opportunely to exhibit virtues with vehicles to pass each other; but still, in the which her class is not usually accredited. opinion, at least, of the Metropolitan Board The paste rises as paste never rose before. requested to make arrangements for "setting of the parish benefit largely, but it is the The date 1518 is yet sculptured above the acquaintances are intended to "long madly," be termed in the trade—the stamens and coupled with the cognisance of the Lacys; elegant an entertainment." DAUGHTERS AS LADY HELPS. retrogressive movement, and therefore can only liave a partial and tomporary success. Women who are oblived to care heir livelibood will by degrees see that they ought to

listening to a child playing scales upon it. family. - Saturday Review. use provided rich people would not keep so many merely for show. The raw material any organisation by which girls hould be apprenticed and taught their trade. There is really no sufficient reason why young ladies of the rising generation should take to sweeping rooms and cleaning grates in strange

houses, or even passing alcepless nights with teething babies not their own. Domestic service can never solve the question of ". Women's Work," although it may for the present stop a gap and furnish a subject for conversation. On the other hand, there can be no question homes. Nothing can be more intolerable than of grown-up daughters, who have really little I to do but grumble at the dreariness of their lives and fret themselves into permanent ill-. health. Perhaps they take sufficient interest in the housekeeping to wonder contemptuously how their mother can be troubled with such inefficient servants, "creatures" who may be developed. This is brought out very cannot even make palutable coffee or keep strikingly in any considerable establishment the silver bright. They have no patiente with the shortcomings of the housemaid, from dance as if she had only a lady's-maid's active exercise they become the ready prev of hysteria, hyspepsia, and spine complaints. They marry any one who will have them, simply because they are so bored that any change is welcome. They make bad wives, because they have never learnt the rudiments of domestic economy. When the unfortunate mother of such daughters allows herself to be persuaded to add a lady belo to the establishment, the height of absurdity is

reached. Four or five plain commonplace lane has presented the closest of parallels to stupid girls may lounge about the house one with a piece of soiled fancywork, another playing snatches of dance music, a third reading French novels on the sola, while perhaps a pretty, graceful lady lays the fire. dusts the room, and endeavours, probably been set up within its limits, to be in due in vain, to bring order into the uncomfortable and chaotic establishment. A book has but in Plantagenet as in Lancastrian, in lately appeared which offers some good sugpattern, each willing to undertake a single form of leaves and flowers or petals of flowers. \_which-during the last balt-century have been line of duty, to stick to it, to be good-tem- The joan is laid in several thickness upon Co made in the " Lane" are really wonderful pered as well as industrious, and to be, in heavy blocks of lead, and the requisite De short affectionate, useful, accomplished, forms punched out. > ARTIFICIAL FLOWER MAKING. Among the very few branches of busi- English Drills ness that have been really thriving since the commencement of the present year it Grey Shirtings, 7 is gratifying to be able to mention that of the artificial flower maker. The art of flower making-it certainly deserves to rank somewhatabove a mere manufacture is said to have come to us from Italy vid France. The Italians at first employed their ribands might be turned into good servants if we had and silks in the imitation of their floral gema; subsequently feathers were ad pted instead of silk, and with these they are reputed to have produced some very benutiful effects. The plumage at their command was, however, somewhat wanting in natural brilliagey of hue, and with all their refinement of taste and artistic skill it is said that the Italians | were in some respects surpassed by the South American Indians with the prairie flowers for their models and the plumage of we their forest birds for materials. At various that many of our social difficulties would be times all kinds of materials shells, wax, almost entirely n'astered it young ladies would paper, gauze, velvet, and even whalebone consent to become lady helps in their own bave been employed. Visitors to Covent Garden central avenue recently might the mismanagement and discomfort to be found have seen an extensive display of rosein countless households where there are plenty buds made from bread-crumbs. It is obvious that in the regular manufacture the material employed must vary very much with the flower to be imitated. though there is nothing more noticeable in the course of a stroll through a factory than the multiplicity of graceful and beautiful forms into which one and the same material

in which flowers of all kinds are made upon whom they expect as much personal atten- the premises. There are makers who devote themselves to a comparatively narrow range duties of perform. Half the young women of subjects; but the large London makers one meets sink into a state of semi-imbecility undertake anything and everything in the D from idleness and want of interest in their way of flowers that the caprices of fashion surroundings. From mere thoughtless may happen to call for. It is difficult to Fo ness and ignorance they grow up ex- think of any flower at all suitable for personal Ha acting and unreasonable. From want of advenment that such houses do not reproduce to artificaly, from the tiny blossoms of the Ki London Pride, the forget-me-not, or spircea, to roses or the larger lilies, and the principal materials of all kinds may also be numbered up upon the fingers. "What is it made of?" is a question to which "jean" is the answer so Oc frequently returned that the uninitiated inquirer may be excused if at length he becomes conscious of just a shade of incredulity. This material, so useful in many other businesses, comes into the flower-maker's bands as a clear white fabric, and the first vo process is to stretch it upon a frame and starch it to a consistency, thicker or thinner according to the petals it is designed to represent. It is dried before a fire and Ac transferred to a room set apart for stamping |Al out the various flower forus. This apartment represents the entire range subjects Al that had been dealt with, and it is here that. under the heading of "plut" the principal outlay is required. Rocks are stored with Br all sorts and sizes of stamps, and veiners, On from which almost anything in familiar Ca floral forms may be produced. These stamps | Cl are simply sharp steel blades made in the
